

MINUTES OF MEETING

From: Mechanical Engineering Department

To: All the Concerned

Ref No.: SRMCEM/ME/PAC/2023-24/Even/7

Date: 02 March 2024

PAC MEETING 2023-24 (Even Semester)

Online Meeting	Day & Date:	Saturday 02 March 2024	Time:	1.00 PM-2:30PM
	Platform:	Zoom meeting		
Chaired By:		HOD ME	Coordinated By:	PAC Member Secretary (ME)
Attendees:		1. Er. A. K. Rathore 2. Er. Sunil Kumar Yadav 3. Dr. Tarun Soota 4. Er. Ravi Vikram Singh 5. Er. Meraj Ansari 6. Prof. (Dr) Atul Kant Piyoosh 7. Er. Parmod Kumar 8. Er. Vivek Agnihotri 9. Er. Sudhir katiyar 10. Er. Mayank Kumar

S. No.	Points Discussed	Conclusion
1.	Approval of finalization of project topics and conduction of synopsis report presentation of B. Tech. 3rd year students in 6th Semester. a) Discussion about the conduction of project synopsis presentation in 6th semester takes place with PAC members for significant outcomes of B. Tech. project. b) Associate Dean-AQAC suggested to schedule the synopsis presentation at the end of 6th semester.	It was concluded that project synopsis presentation should be completed before the end of 6th semester.

2.	Approval of establishing collaborations with professional society in order to enhance the knowledge. a) Prof. (Dr) Atul Kant Piyoosh advised to make a proposal for the registration with a professional society. b) Dr. Tarun Soota (External Member Academics) suggested to join a society of drone technology. He also suggested to join ISTE.	It was concluded that a proposal for the registration with professional society should be prepared at department level.
3.	Discussion to include additional topics in the AKTU syllabus to meet the industry requirements for the even semester 2023-24. a) Industry representative suggested including subjects related to automation and control in the syllabus as they found that students need to gain the concept. b) Practical should be industry oriented. It was suggested to include extra Industrial visits/workshops/invited guest lecture from an industry representative	It was concluded to conduct guest lectures, workshops or short-term courses through NPTEL for the quality-related subject.
4.	Approval of implementation of innovative teaching methodologies in order to develop students' qualitative knowledge. a) Expert members suggested to adopt educational technology tools to enhance learning experiences. b) Members suggested to incorporate multimedia elements, smart board, virtual labs, and simulations.	It was concluded that a proposal can be prepared at department level for smart classroom.

5	Approval of Identified Curriculum gaps for even semester 2023-24. a) External members suggested improving the presentation skill of all the students from the First year itself. b) Design and Analysis must be added to all the Project topics so that students may have some hands-on in both fields to enhance their problem-solving skills	a) The idea is to be put up in academic council meetings for implementation of point (a) in the best possible way. b) Department is already doing the same with most of the project topics.
6	Discussion, verification and approval of course outcomes and CO-PO mapping for subjects running in the even semester 2023-24. a) List of Modified COs as well AKTU COs were shared for the approval for (BME402 Engineering Mechanics & Strength of Material)	All modified Cos were discussed and are approved verbally by PAC. It is also shared with all PAC members for their valuable suggestions.

ACTION TAKEN REPORT ON PAC

Department:	Mechanical Engineering	Session:	2023-24 (Even Sem)
Reference No.:	SRMCEM/ME/MoM/ PAC/2023-24/even/7	Date of PAC :	02/03/2023

S. No.	Agenda(s)	Action Taken	Deadline
1	Approval of finalization of project topics and conduction of synopsis report presentation of B. Tech. 3rd year students in 6th Semester. a) Discussion about the conduction of project synopsis presentation in 6th semester takes place with PAC members for significant outcomes of B. Tech. project. b) Associate Dean-AQAC suggested scheduling the synopsis presentation at the end of 6th semester.	a) Not Applicable b) The issue will be taken up at the council meeting for the approval of the same	NA 15 April 2024
2	Approval of establishing collaborations with professional society in order to enhance the knowledge. a) Prof. (Dr) Atul Kant Piyoosh advised us to make a proposal for registration with a professional society. b) Dr. Tarun Soota (External Member Academics) suggested to join a society on drone technology. He also suggested to join ISTE.	a) After comparative analysis, the proposal will be shared for approval to join the professional society. b) Not Applicable	15 April 2024

3	Discussion to include additional topics in the AKTU syllabus to meet the industry requirements for the even semester 2023-24. a) Industry representative suggested including subjects related to automation and control in the syllabus as they found that students need to gain the concept. b) Practical should be industry oriented. It was suggested to include extra Industrial visits/ workshops/ guest lectures from an industry representative	a) Subjects like Robotics and Automation are already in the syllabus. The department will be supplementing it with additional webinars/seminars. b) Detail Action of Industrial Visits/ Workshops/guest Lectures from Industry representatives is already shared	15 April 2024 The tentative schedule already submitted
4	Approval of implementation of innovative teaching methodologies in order to develop students' qualitative knowledge. a) Expert members suggested to adopt educational technology tools to enhance learning experiences. b) Members suggested to incorporate multimedia elements, smart board, virtual labs, and simulations.	a) Not Applicable b) The college is providing the latest multimedia tools in a phased manner to all departments	NA NA
5	Approval of Identified Curriculum gaps for even semester 2023-24. a) External members suggested including guest lectures to cover the gaps which were created by the omission of certain important topics. b) Design and Analysis must be added to all the Project topics so that	a) Detail Action of guest lectures were already shared to cover the topics which were left out of the syllabus. b) Design and analysis is already included in the project topics	Done Done

	students may have some hands-on in both fields to enhance their problem-solving skills		
6.	Discussion, verification and approval of course outcomes and CO-PO mapping for subjects running in the even semester 2023-24. a) List of Modified COs as well AKTU COs were shared for the approval	Done	NA
