S. No.	Points Discussed	Conclusion
1.	Analysis and Approval of CO attainment of all the subjects taught in the even semester 2022-23. a) CO of all the subject were already approved in the previous PAC meeting of the Third year and final year b) CO attainment Data was shared with PAC members and discussion was done on the procedure adopted and target set by the college.	Done It was suggested to that all faculty members are now aware of the manual procedure of finding the attainment.

2	Discussion to include some additional topics in AKTU syllabus to meet the industry requirements for odd semester 2023-24. a) Industry person informed to include more internship and industrial visits. b) Students should be motivated to do some professional courses through professional bodies like NPTEL. c) Discussion to include additional lab experiment which were removed in recent syllabus of BME353	It was suggested to include extra webinar/Industrial visit/workshop/invited guest lecture from industry representative It was suggested that faculties should enrol themselves in NPTEL courses and students are also motivated to do it. Expert suggested to include experiments which act as bridge to maintain continuity of syllabus.
3	Approval of Identified Curriculum gaps for odd semester 2023-24. a) Due to the removal of the Seminar from Third-year students are lagging in presentation skills. b) Due to the removal of subjects like CAD/ Automobile Engineering final year students are unable to few concepts in elective subjects like additive manufacturing /vehicle body Engineering c) The project should be completed by the seventh semester and the eighth semester should be devoted to writing research papers/ IPR filling.	Summer training presentation included. The expert suggested to fill these gaps through different activities like webinars/ seminar or guest lectures. Additional lectures may be taken to make the shortcomings. Students should be motivated to complete the project work as soon as possible, Exposure for writing research papers is to be provided

4	Discussion, verification and approval of course outcomes and COPO mapping for subjects running in odd semester 2023-24. a) List of CO's of second year AKTU syllabus (specially BME301/BME302/BME303/BOE302/BOE303/BME351/BME 352/ BME353) were discussed and was approved.	CO's have been approved verbally.
