13th November 2024

Minutes of Meeting of Program Assessment Committee

The Program Assessment Committee meeting for the Department of Computer Applications was held on 13 November 2024 at 1:00 pm. The following members were present in the meeting.

1	Prof. Gaurav Mishra	Convener
2	Mr. Sanjay Kumar Pandey	Member Secretary
3	Prof. Ajay Kumar Srivastava	Special Invitee
4	Ms. Khushnuma Ashraf	Member
5	Dr. Shalini Chandra	External Faculty Expert
6	Mr. Vaibhav Raj Pandey	Industry Representative
7	Mr. Ashish Arora	Alumni Representative

The following points were discussed in the meeting

1. Recap of the previous PAC meeting was discussed.
2. The Course Outcomes and CO-PO Mapping for the subjects of odd semester of session 2024-25 were discussed and the same were approved by the PAC.
3. The students of MCA (Sem II) had undergone Internship during semester break before the start of the third semester. The Internship was conducted through IBM. A feedback from the department with the students was taken in which it was shared that the students felt that more understanding and time for project should be allotted for making it more effective. This feedback was discussed with the members of the PAC. The following suggestions were given by the members:
 - i. A Value added Course/Subject (such as Python, Data Science, Java) should be added in the second semester.
 - ii. The choice of the course should be such that it should be useful for the students during their Internship, so that they may have more focus on their 'Projects'. This would help in better implementation of the Project. The decision on the time could be taken only after discussion with the vender and per the time available between semesters.
4. A. Promotion of Research Culture:
 - i. Since there is no mandatory requirement for the students to write research papers, therefore following steps could be taken for its motivation:
 1. The students should be made aware of the college policy regarding the support of the research publication in journal/conference and also the policy of attending the conference.
 2. As a policy, the department could also attach marks (eg full marks in

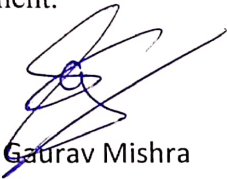

one surprise of each subject in a semester) for the motivation of students.

3. A Notice Board having upcoming conferences should be available in the department.

4. B. Promotion of Technical Activities:

The department could start a club under the guidance of a faculty and run by students for the students and have various technical activities.

5. In order to improve the Placement of the students, it was suggested by the Industry Expert that a LinkedIn profile should be created for all students, mentioning their achievements and details of projects. This mentoring could start from the first sem itself, and the student should consistently update the same. Furthermore, the student should be made aware of websites such as hackerranks.com, which have many practice opportunities for the preparation of their Placement.

Prof. Gaurav Mishra

ACTION TAKEN REPORT (On PAC Meeting) Session: 2024-25(Odd)

Ref. No.: MCA/PAC/2024-25/Odd/04

13th November, 2024

Department:	MCA	Date of Meeting	13 November 2024
Reference MoM No:	MCA/PAC/2024-25/Odd/03	Date of Issue of MoM:	13 November 2024

S. No.	Points Discussed	Action Taken	Target/Deadline
1	Recap of the previous PAC meeting	Previous points were again briefly revisited.	--
2	Course Outcomes and CO-PO Mapping for the subjects of Odd Semester of session 2024-25	Course Outcomes and CO-PO mapping for all the subjects have been approved by the PAC.	Completed for this semester.
3	Feedback/Observations of the Internship for Students carried out between Second and third Semester.	A Value Added Course/Subject would be proposed for the students of the second semester which would benefit the students for the project in the Internship.	To be proposed by the Department during the approval of Study Allocation scheme at the start of the second semester.
4	Promotion of Research Culture and Technical Activities in the Department.	a. Students to be made aware of the Research Policy b. Discussion with Academic Cell for Marks related policy for seeing its feasibility. c. Having a Notice Board	Students would be made aware again in the classes. The notice board is present in the department.
5	Improvement of Placements of the Students	Preparation of proper resumes and specifically their LinkedIn profile should be made aware from Sem I itself	The Recommendation would be shared with Placement Cell by 25 Nov 2024.
