Ref. No. EN & EE/PAC/2023-24/02

3<sup>rd</sup> October 2023

To,  
Director  
SEMCEM, Lucknow  
**Subject:** PAC Meeting Electrical Engineering Department

Respected Sir,  
The PAC Meeting of Electrical Engineering Department has been proposed on 5<sup>th</sup> October, 2023 from 1:00 PM onwards. The following PAC members will attend the meeting.

**Venue:** EE/EC Department (C-309)

| S. No. | Name                          | Post and Affiliation                 | Responsibility   |
|--------|-------------------------------|--------------------------------------|------------------|
| 1.     | Prof. (Dr.) Indu Prabha Singh | HOD (EE & EN/ EC)<br>SRMCEM, Lucknow | Convenor         |
| 2.     | Er. Jayati Vaish              | AP, EE Dept. SRMCEM, Lucknow         | Member Secretary |
| 3.     | Er. Amit Kumar                | AP EE Dept. SRMCEM, Lucknow          | Member           |
| 4.     | Dr. Arunima Verma             | Professor EE Dept., IET, Lucknow     | External Expert  |
| 5.     | Prof. K. S. Singh             | SE(R), UPPCL                         | Industry Expert  |
| 6.     | Dr. Anurag Dwivedi            | Assistant Professor, BIET, Lucknow   | Alumni 2011      |
| 7.     | Er. Naveen Pandey             | Assistant Consultant, TCS            | Alumni 2009      |

It is for your kind information and also for kindly approval.

Prof. (Dr.) Indu Prabha Singh  
HoD, EE&EN/EC Department  
SRMCEM, Lucknow

Prof. (Dr.) Bhavesh Kumar Chauhan  
Director  
SRMCEM, Lucknow

**Agenda of 15<sup>th</sup> Program Assessment Committee (PAC)  
Odd Semester 2023-24**

**Curriculum Gaps for the 2023-24 (ODD) Semester**

**Agenda 1: 3<sup>rd</sup> Semester Subjects & practical**

- 1.1 Design of PCB, power supply, step up/step down transformer (practical approach) should be included.
- 1.2 BEE-301 EMFT subject should be in 4<sup>th</sup> or 5<sup>th</sup> semester. It becomes lengthy for 3<sup>rd</sup> semester.
- 1.3. In Electrical workshop Lab (BEE-353) only four COs are proposed in revised syllabus of EE 2<sup>nd</sup> year.

**Agenda 2: 5<sup>th</sup> Semester Subjects**

- 2.1 Stability analysis of non-linear system in control system (introduction) should be included.
- 2.2 The Digital electronics subject is available in the curriculum but analog electronics is not available.  
Therefore, analog electronics subject should also be added in the curriculum.
- 2.3 Practical Lab of Sensor and Transducer subject should also be included in AKTU syllabus for understanding practical applications.

**Agenda 3: 7<sup>th</sup> Semester Subjects**

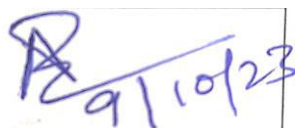

- 3.1 Core subjects must be included as compulsory subjects (e.g., Power System Protection).
- 3.2 Case studies related to real time load data analysis should be included.

**Agenda 4: Institution Innovation Council and START-UP based Activities and Certifications.**

- 4.1. Subject course (or Internship) related to IIC or START -UP should be included.

**Agenda 5: Other Identified Gaps.**

- 5.1. Introduction to MATLAB software workshop should be organized for 3<sup>rd</sup> Semester students.

  
9/10/23

Prof. (Dr.) Indu Prabha Singh  
HoD, EE & EN/ EC  
SRMCEM, LUCKNOW

# SHRI RAMSWAROOP MEMORIAL COLLEGE OF ENGINEERING & MANAGEMENT

Ref. No. EN & EE/PAC/2023-24/03

10<sup>th</sup> October 2023

## Minutes of Meeting

The Program Assessment Committee (PAC)/15<sup>th</sup> PAC meeting is held in the Electrical Engineering department. The details of meeting are-

|                 |                            |                 |                   |
|-----------------|----------------------------|-----------------|-------------------|
| Date of Meeting | Monday, 10th October 2023  | Timing          | 12:00 pm– 1:00 pm |
| Chaired By      | Dr. Indu Prabha Singh, HoD | Co-ordinated By | Er. Jayati Vaish  |
| Attendees       | PAC Committee members      |                 |                   |

1. The following members were present in the department.

| S. No. | Name                          | Post and Affiliation                 | Responsibility   |
|--------|-------------------------------|--------------------------------------|------------------|
| 1.     | Prof. (Dr.) Indu Prabha Singh | HOD (EE & EN/ EC)<br>SRMCEM, Lucknow | Convenor         |
| 2.     | Er. Jayati Vaish              | AP, EE Dept. SRMCEM, Lucknow         | Member Secretary |
| 3.     | Er. Amit Kumar                | AP EE Dept. SRMCEM, Lucknow          | Member           |
| 4.     | Dr. Arunima Verma             | Professor EE Dept., IET, Lucknow     | External Expert  |
| 5.     | Prof. K. S. Singh             | SE(R), UPPCL                         | Industry Expert  |

2. The Convener, PAC meeting welcomed and introduced external members of Program Assessment Committee and thanked him for sparing his valuable time to attend the meeting.
3. The Member Secretary, PAC meeting welcomed and introduced Special Invitee and other members of PAC and thanked them for sparing their valuable time to attend the meeting.
4. The Member Secretary, PAC meeting with the permission of the Convener, presented the agenda of PAC.
5. The PAC of the department had discussed following agendas:

### **Agenda 1: 3<sup>rd</sup> Semester Subjects & practical**

**Agenda 1.1-** Design of PCB, power supply, step up/step down transformer (practical approach) should be included.

**Agenda 1.2-** BEE-301 EMFT subject should be in 4<sup>th</sup> or 5<sup>th</sup> semester. It becomes lengthy for 3<sup>rd</sup> semester.

**Agenda 1.3-** In Electrical workshop Lab (BEE-353) only four COs are proposed in revised syllabus of EE 2<sup>nd</sup> year.

**Suggestions:** These design and fabrication experiments should be included as extra practical in Electrical Workshop Lab or in their respective course labs.

The change in COs for Electrical Workshop Lab (BEE-353) is mailed to AKTU.

**Agenda 2: 5<sup>th</sup> Semester Subjects**

**Agenda 2.1-** Introduction of non-linear system in control system should be included in Control System (KEE-502).

**Suggestions:** A brief introduction of Advanced control system must be given by faculty in extra lecture.

**Agenda 2.2-** The Digital electronics subject is available in the curriculum but analog electronics is not available. Therefore, analog electronics subject should also be added in the curriculum.

**Agenda 2.3-** Practical Lab of Sensor and Transducer subject should also be included in AKTU syllabus for understanding practical applications.

**Suggestions:** In electrical measurement and instrumentation lab (EMI-Lab BEE-352) experiments should be included as extra practical for LVDT working.

**Agenda 3: 7<sup>th</sup> Semester Subjects**

**Agenda 3.1-** Core subjects must be included as compulsory subjects (e.g., Power System Protection).

**Suggestions:** Try to float the subject as core if it is not included as main subject.

**Agenda 3.2-** Case studies related to real time load data analysis should be included.

**Suggestions:** A survey in core companies should be done to find out the problems. Then final year projects must be made on industry problem based.

**Agenda 4: Institution Innovation Council and START-UP based Activities and Certifications.**

**Agenda 4.1** - Subject course (or Internship) related to IIC or START -UP should be included.

**Suggestions:** They have appreciated the efforts of the department and also guided us remaining faculty members should complete the certification based on the startup/entrepreneurship/innovation. The IIC and START-UP activities should be promoted in the department.

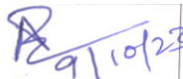

**Agenda 5: Other Identified Gaps.**

**Agenda 5.1** - Introduction to MATLAB software workshop should be organized for 3<sup>rd</sup> Semester students.

**Suggestions:** MATLAB workshops should be conducted in the department from basic to advanced level for 2<sup>nd</sup>, 3<sup>rd</sup>, and 4<sup>th</sup> year students.

Prof. (Dr.) Indu Prabha Singh  
Convenor

Prof. (Dr.) Arunima Dey  
External Expert

Prof. K. S. Singh  
Industry Expert

Er. Jayati Vaish  
Member Secretary

Er. Amit Kumar  
Member

## **Department of Electrical Engineering**

Ref. No. EN & EE /PAC/2023-24/04

Date: 10<sup>th</sup> Oct, 2023

### **Action Taken Report for Minutes of 15<sup>th</sup> PAC Meeting**

As per PAC committee suggestions, following action has been taken place:

1. **For Point 1.1:** All project guides and instructors have been instructed to do help in PCB design for projects. Further, they will motivate students to make minor projects by using PCB Lab.
2. **For Point 1.2:** The concerned faculty member has been advised to do some more efforts in the EMFT subject via Virtual Labs. From this initiative, students can learn EMFT subject in the better way.
3. **For Point 1.3:** Concerned Lab in charge will give mentioned mini projects in the electrical workshop lab.
4. **For Point 2.1:** The concerned faculty member has been advised to teach introduction of non-linear control system to students. This task will be completed before 30<sup>th</sup> Nov. 2023.
5. **For Point 2.2:** It has been advised to concerned faculty member to take 3-4 extra classes related to Analog Electronics and from this initiative students will be able to map Digital Electronics and Analog Electronics in the effective way. This task will be completed before 30<sup>th</sup> Nov. 2023.
6. **For Point 2.3:** It has been advised to concerned faculty members to perform some practicals of related subject in the EMMI Lab and give some practical knowledge to students. From this initiative, students will be able to learn the subject in much better way. This task will be completed before 30<sup>th</sup> Dec. 2023.
7. **For Point 3.1:** It has been advised to faculty members to guide projects related to core subjects. Due to this initiative, students will understand the need of core subjects and consequently they may be able to choose some very useful core subjects.
8. **For Point 3.2:** It has been advised to the faculty members to guide projects related to industry-based problems. The initiative is taken to make necessary changes in the projects according to the need of industry and society.

**9. For Point 4.1:** The task to do NPTEL course related to Start-up/Entrepreneurship and innovation. Due to this initiative, faculty members can guide students in the effective way and may go for the more innovative projects which shall be beneficial for the society and at large for the humanity.

**9. For Point 5.1:** A workshop on “Introduction to MATLAB” will be organized before 30<sup>th</sup> Nov. 2023 to give brief knowledge of software. It has been advised the faculty members to upgrade their knowledge and create skills in AI & ML so faculty may be able to guide student’s projects in AI & ML.

# SHRI RAMSWAROOP MEMORIAL COLLEGE OF ENGINEERING & MANAGEMENT

## DEPARTMENT OF ELECTRICAL ENGINEERING

### Approval of Course Outcomes

**Session: 2023-24**

**Semester: III**

**Subject Name: Electrical Workshop Lab**

**Subject Code: BEE-353**

#### University Defined Course Outcomes (COs):

| S. No. | Course Outcomes (COs)                                                      |
|--------|----------------------------------------------------------------------------|
| 1.     | Perform various types of Electrical connections.                           |
| 2.     | Develop small circuits on PCB.                                             |
| 3.     | Differentiate between various electrical wires, cables and accessories.    |
| 4.     | Demonstrate the layout of electrical substation & various safety measures. |

#### Proposed Course Outcomes (COs) by Faculty:

| S. No. | Course Outcomes (COs)                                                                        |
|--------|----------------------------------------------------------------------------------------------|
| 1.     | Perform various types of Electrical connections.                                             |
| 2.     | Develop small circuits on PCB.                                                               |
| 3.     | Differentiate between various electrical wires, cables and accessories.                      |
| 4.     | Demonstrate the layout of electrical substation & various safety measures.                   |
| 5.     | Demonstrate the electrical wiring of Distribution Board & Remedies in Domestic Installation. |

**Justification:** The outcomes defined by the university, were only four, so we propose five COs which can be defined as unit wise.

**Encl.:** Syllabus of the subject

**Signature of HoD  
(with Stamp)**

**Date of Approval**
