Department of Electronics & Communication Engineering

SRMCEM/EC/ION/PAC/2024-25/04

01 October 2024

Program Assessment Committee (PAC) Meeting

It has been decided to hold the 17th Program Assessment Committee meeting for the Department of Electronics and Communication Engineering, SRMCEM for the odd semester of academic year 2024-25 on 5th October, 2024 (Saturday) in physical mode. Members of PAC are requested to join the meeting at the under mentioned time.

Time: 02:30P.M.

The agenda of Program Assessment Committee meeting are given as under:

Agenda1: Confirmation of the Minutes of the 16th Meeting of Program Assessment Committee in the Department of Electronics & Communication Engineering held on 24th February 2024.

Agenda2: Presentation of Curriculum and Review of AKTU Syllabus for subjects existing in Odd Semester 2024-25.

Agenda3: Modifications in the course outcome of the subjects proposed by the faculty members (if any).

Agenda4: Analysis of identified curriculum gaps of various subjects. **(Annexure-1)**

Prof. (Dr.) Indu Prabha Singh
Head of Department
Electronics & Communication Engineering
SRMCEM, Lucknow.

CC:

(1) List-A : 3. (Director)

(2) List-B : 1. (Registrar)

3) PAC Members:

1. Prof. (Dr.) Indu Prabha Singh
2. Er. Ashish Tiwari
3. Er. Ranjan Tripathi
4. Er. Uddaish Porov
5. Er. Awanish Shukla
6. Er. Sonam Singh
7. Dr. R.C.S. Chauhan
8. Er. N.K.Srivastava
9. Er. Sukriti Sonker

4. (Academic Cell)

Annexure-1

Table 1: List of identified curriculum gaps for 2024-25 odd semester

S. N O.	Course Code	Course Name	Curriculum Gaps
1.	BEC-501	Integrated Circuits	The first unit is internal circuit AC/DC analysis of Op Amp741 based on transistor is given, In place of the analysis should be based on MOSFET.
2.	BEC-503	Digital Signal Processing	In Unit IV both Discrete Fourier Transform DFT and Fast Fourier Transform FFT are included though the contents of each DFT and FFT are large enough to be covered as a single Unit. Earlier both the topics were mentioned as separate units (Two years ago) Both DFT and FFT should be considered as independent units as it almost takes one to one and half months to cover them as a single unit. As a result, it becomes very difficult to complete other units in the remaining short span of time .
3.	BEC-057	Optical Communication	A brief introduction of field theory may be introduced in the course curriculum, as these students haven't yet done the course of Electro Magnetic Field Theory.

Minutes of Meeting of Program Assessment Committee (PAC)

The 17th Program Assessment Committee meeting for the Department of Electronics and Communication Engineering was held on 5th October 2024 in offline mode.

1. The following PAC members were present in the meeting.

S.NO.	Name	Address	Position
1.	Prof. (Dr.) Indu Prabha Singh	Professor & Head, Electronics & Communication Engineering Department, SRMCEM, Lucknow.	Convener
2.	Er. Ashish Tiwari	Assistant Professor, Electronics & Communication Engineering Department, SRMCEM, Lucknow.	Member Secretary
3.	Er. Ranjan Tripathi	Assistant Professor, Electronics & Communication Engineering Department, SRMCEM, Lucknow.	Member
4.	Er. Uddaish Porov	Assistant Professor, Electronics & Communication Engineering Department, SRMCEM, Lucknow.	Member
5.	Er. Awanish Shukla	Assistant Professor, Electronics & Communication Engineering Department, SRMCEM, Lucknow.	Member
6.	Er. Sonam Singh	Assistant Professor, Electronics & Communication Engineering Department, SRMCEM, Lucknow.	Member
6.	Dr. R.C.S. Chauhan	Associate Professor, Electronics & Communication Engineering Department, IET, Lucknow.	External Expert
7.	Er. N.K.Srivastava	CGM(Retd.) BRBAITT, Jabalpur Govt of India.	Industry Expert Member

2. The Convener, PAC Electronics & Communication Engineering welcomed and introduced external members and industry expert of 17th Program Assessment Committee and thanked them for sparing their valuable time to attend the meeting.
3. The Member Secretary, PAC Electronics & Communication Engineering welcomed and introduced Special Invitee and other members of 17th Program Assessment Committee and thanked them for sparing their valuable time to attend the meeting.
4. The Member Secretary, PAC Electronics & Communication Engineering, with the permission of the Convener , presented the agenda of 17th Program Assessment Committee.

<u>Agenda1:</u>	Confirmation of the Minutes of the 16th Meeting of Program Assessment Committee in the Department of Electronics & Communication Engineering held on 24th February 2024.
	The Minutes and Action Taken Report of the 16 th PAC meeting held on 24 th February 2024 were communicated to the members. The PAC members approved the action taken report of 16 th PAC meeting.
<u>Agenda2:</u>	Presentation of Curriculum and Review of AKTU Syllabus for subjects existing in odd semester 2024-25.
	The member secretary presented the list and syllabus of subjects existing in even semester 2024-2025. PAC resolved to include beyond the syllabus content in course plan.
<u>Agenda3:</u>	Modifications in the course outcome of the subjects proposed by the faculty members (if any).
	The course outcomes of all new courses in 3 rd year were approved.
<u>Agenda4:</u>	Analysis of identified curriculum gaps of various subjects.
	PAC approved the identified curriculum gap of various subjects and suggested to include the Expert Lectures, Industrial Visit and Lab demonstration to fulfill the recognized gaps.
Suggestions Given by the PAC Members.	
	1. The course outcome (CO) statements provided by AKTU should be kept intact. Only certain addition may be incorporated, if required. If the course outcome statements seem irrelevant as per prescribed curriculum, then only faculty should change the CO statement. 2. In the laboratories, advanced simulators as per industry demand should be installed. Working on MATLAB should be specially focused. 3. Students must have the knowledge of PCB design. 4. Internship, Seminar, Minor and Major Project should be linked in a sequential manner. 5. Projects should be based on current technology trends such as AI, ML etc. 6. Curriculum gaps should be filled by extra lectures. 7. Summer internship should be done, as per industry demands.

6. The member secretary conveyed vote of thanks to all the members of PAC for their contributions.

Prof. (Dr.) Indu Prabha Singh
Convener, PAC
Electronics & Communication Engineering
SRMCEM, Lucknow.

SRMCEM/EC/ION/PAC/2024-25/09

25 October 2024

Action Taken Report (ATR) of 17th PAC

1. To make the students industry ready, Student Development Program for 3rd year and final year students is already being carried.
2. To understand the basic concept of electronics and automation, an industrial visit is planned for EC 2nd year students at ISRO Telemetry, Tracking and Command Network (ISTRAC) Lucknow. For 3rd year students Industrial visit is planned at India meteorological Department, Lucknow. For final year students Industrial visit is planned at Chaudhary Charan Singh International Airport, Amausi, Kanpur Road, Lucknow.
3. Students are encouraged to acquire the research-oriented knowledge and to make their project patentable, a novelty check form is being asked to submit in the department. This practice is followed in continuation.
4. An e mail to the university is to be sent regarding inclusion of PCB lab in the curriculum.
5. In order to get the knowledge about current trends in industry, faculty members are encouraged to attend the FDPs and Workshops along with the various NPTEL courses.
