SRMCEM/EC/ION/PAC/2025-26/02

18 August 2025

Program Assessment Committee (PAC) Meeting

It has been decided to hold the 19th Program Assessment Committee meeting for the Department of Electronics and Communication Engineering, SRMCEM for the odd semester of academic year 2025-26 on 19th August, 2025 (Tuesday) in physical mode. Members of PAC are requested to join the meeting at the under mentioned time.

Time: 01:00P.M.

The agenda of Program Assessment Committee meeting are given as under:

Agenda1: Confirmation of the Minutes of the 18th Meeting of Program Assessment Committee in the Department of Electronics & Communication Engineering.

Agenda2: Presentation of Curriculum and Review of AKTU Syllabus for subjects existing in Odd Semester 2025-26.

Agenda3: Analysis of identified curriculum gaps of various subjects. **(Annexure-1)**

Prof. (Dr.) Indu Prabha Singh
Head of Department
Electronics & Communication Engineering
SRMCEM, Lucknow.

CC:

- (1) List-A : 3. (Director)
- (2) List-B : 1. (Registrar)
- 3) PAC Members:

4. (Academic Cell)

Annexure-1

Table 1: List of identified curriculum gaps for 2025-26 odd semester

S.N.	Course Code	Course Name	Curriculum Gaps
1.	HTST-501/ HTST-701	Sensors and Measurement/ Embedded Sensing Technologies	Practical classes should be allotted for honors subjects.
2.	BEC-503	Digital Signal Processing	Seeing the vastness of the curriculum some topics like Sub band-coding of speech signals, Quadrature mirror filters, may be removed from the 5 th unit.
3.	BEC-071	Wireless & Mobile Communication	5G Network topology with its protocol stack should be included in the curriculum. A brief introduction of 6G may be incorporated.
4.	Honors/ Minor Courses	ALL	Restriction in selecting a course for a particular branch may be removed.

Prof. (Dr.) Indu Prabha Singh
Head of Department
Electronics & Communication Engineering
SRMCEM, Lucknow.

22 August ,2025

Minutes of Meeting of Program Assessment Committee (PAC)

The 19th Program Assessment Committee meeting for the Department of Electronics and Communication Engineering was held on 19th August, 2025 in offline mode.

1. The following PAC members were present in the meeting.

S.NO.	Name	Address	Position
1.	Prof. (Dr.) Indu Prabha Singh	Professor & Head, Electronics & Communication Engineering Department, SRMCEM, Lucknow.	Convener
2.	Er. Ashish Tiwari	Assistant Professor, Electronics & Communication Engineering Department, SRMCEM, Lucknow.	Member Secretary
3.	Dr. Ranjan Tripathi	Assistant Professor, Electronics & Communication Engineering Department, SRMCEM, Lucknow.	Member
4.	Dr. Pratibha Dubey	Assistant Professor, Electronics & Communication Engineering Department, SRMCEM, Lucknow.	Member
5.	Er. Awanish Shukla	Assistant Professor, Electronics & Communication Engineering Department, SRMCEM, Lucknow.	Member
6.	Er. Uddaish Porov	Assistant Professor, Electronics & Communication Engineering Department, SRMCEM, Lucknow.	Member
7.	Dr. Balraj Singh	Associate Professor, Electronics & Communication Engineering Department, BBAU, Lucknow.	External Expert
8.	Er. Rahul Kumar Verma	Senior A & MS Layout Design Engineer, Synopsys	Alumni/Industry Expert
9.	Er. N.K. Srivastava	CGM(Retd.)BRBAITT, Govt of India	Industry Expert

2. The Convener, PAC Electronics & Communication Engineering welcomed and introduced external members and industry expert of 19th Program Assessment Committee and thanked them for sparing their valuable time to attend the meeting.
3. The Member Secretary, PAC Electronics & Communication Engineering, with the permission of the Convener presented the agenda of 19th Program Assessment Committee.

<u>Agenda1:</u>	Confirmation of the Minutes of the 18th Meeting of Program Assessment Committee in the Department of Electronics & Communication Engineering held on 20th February 2025.
	The Minutes and Action Taken Report of the 18 th PAC meeting held on 20th February were communicated to the members. The PAC members approved the action taken report of 18 th PAC meeting.
<u>Agenda2:</u>	Presentation of Curriculum and Review of AKTU Syllabus for subjects

	existing in odd semester 2025-26.
	The member secretary presented the list and syllabus of subjects existing in odd semester 2025-2026. PAC resolved to include content beyond the syllabus in course plan.
<u>Agenda3:</u>	Analysis of identified curriculum gaps of various subjects.
	PAC approved the identified curriculum gap of various subjects and suggested to write a letter to AKTU to consider the suggestions. To get exposure to Industry , Expert Lectures, Industrial Visit and Lab demonstration should be planned.
	• Introduction of Practical Classes in all Minor and Honors subjects • It was suggested that <i>practical classes should be introduced</i> in all Minor and Honor subjects to enhance hands-on learning. • Open Choice of Minor & Honors Courses • All Minor and Honors courses will be open to all students so that they can opt for subjects of their interest irrespective of specialization. • Revision in Digital Signal Processing (BEC-503) • As the syllabus of <i>Digital Signal Processing</i> course (BEC 503) is lengthy, so 5th unit can be removed from Syllabus and the 4th Unit may be bifurcated into two separate units for better clarity and structured teaching. • Revision in Digital System Design (BEC-302) • The topic of Number Systems, already covered in <i>Basic Electronics Engineering</i> (BEC-101/201 in 1st year), may be removed from <i>Digital System Design</i> (BEC 302) to avoid repetition. • Revision in Basic Electronics Engineering (BEC-101/201) • In <i>Basic Electronics Engineering</i>, topics related to implementation using 5-variable and 6-variable K-maps may be removed from the syllabus as they add excessive complexity at the introductory level. • Inclusion of Semiconductor & Communication Advancements • Considering India's leadership in semiconductor technology, knowledge areas such as 5G and 6G should be introduced for students opting the course Wireless and Mobile Communication (BEC 071). • Teaching of IEEE-designated frequency bands should be made

	compulsory in at least one of the core subjects. • Faculty and students are encouraged to visit nearby Institutes of Eminence or Industries to gain exposure to ongoing advancements in cutting-edge technologies.
--	---

4. The member secretary conveyed vote of thanks to all the members of PAC for their contributions.

Prof. (Dr.) Indu Prabha Singh
Convener, PAC
Electronics & Communication Engineering
SRMCEM, Lucknow

Department of Electronics & Communication Engineering

SRMCEM/EC/ION/PAC/2024-25/4

25 August, 2025

Action Taken Report (ATR) of 19th PAC

S. No.	Points Discussed	Expected Deadline
1.	To understand the basic concept of electronics and communication engineering, an industrial visit is planned for EC 2 nd year students at Remote Sensing Application Centre, Lucknow, U.P., for 3 rd year students Industrial visit is planned at Brindavan Bottlers Private Limited, Barabanki, U.P., for 3 rd year students' Industrial visit is planned at Encardio Rite electronics pvt. Ltd., Lucknow, U.P.	1/11/2025
2.	An email to the university is to be sent regarding following points: • Introduction of Practical Classes in all Minor and Honors subjects • It was suggested that <i>practical classes should be introduced</i> in all Minor and Honor subjects to enhance hands-on learning. • Open Choice of Minor & Honors Courses • All Minor and Honors courses should be open to all students so that they can opt for subjects of their interest irrespective of specialization. • Revision in Digital Signal Processing (BEC-503) • As the syllabus of <i>Digital Signal Processing</i> course (BEC 503) is lengthy, so 5th unit can be removed from Syllabus and the 4th Unit may be bifurcated into two separate units for better clarity and structured teaching. • Revision in Digital System Design (BEC-302) • The topic of Number Systems, already covered in <i>Basic Electronics Engineering</i> (BEC-101/201 in 1st year), may be removed from <i>Digital System Design</i> (BEC 302) to avoid repetition.	25/8/2025

	• Revision in Basic Electronics Engineering (BEC-101/201) • In <i>Basic Electronics Engineering</i>, topics related to implementation using 5-variable and 6-variable K-maps may be removed from the syllabus as they add excessive complexity at the introductory level. • Inclusion of Semiconductor & Communication Advancements • Considering India's leadership in semiconductor technology, knowledge areas such as 5G and 6G should be introduced for students opting the course Wireless and Mobile Communication (BEC 071). • Teaching of IEEE-designated frequency bands should be made compulsory in at least one of the core subjects.	
3.	In order to get the knowledge about current trends in industry, faculty members are encouraged to attend the FDPs and Workshops along with the various NPTEL courses.	1/1/2026
